AN ASTRONOMICAL LEAP IN AUTOMOTIVE PROTECTION

SURFACE

ATMOSPHERE exterior interlocks with your vehicle's surface coating, the extra tough layer delivers extreme durability and a long-lasting, super gloss finish.

MIRROR-FINISH SUPER GLOSS SHINE

A premium high sheen finish that will leave your vehicle looking as new as the day it was created.

This extra tough surface will shine on wash after wash.

ADVANCED ENVIROSECURE TECHNOLOGY

The advanced, tested and proven protective coating that prevents permanent staining on your vehicle from hard water marks, tree sap, bird and bat droppings, year after year.

PERFORMANCE THAT LASTS A LIFETIME

The smart surface coating that repels water – carrying away any dirt and debris. Designed to stand the test of time with a limited lifetime warranty* for peace of mind.

* Warranty terms, conditions & exclusions apply.

THE FUTURE IS NOW

ATMOSPHERE Exterior Coating is manufactured using nano-ceramic particles that connect with your vehicle's surface, enhancing hardness and reinforcing its durability. Exceeding expectations, ATMOSPHERE is a long-lasting glass like, **easy-to- clean high gloss finish.**

ATMOSPHERE advanced technology protects against everyday environmental staining which can lead to oxidation and fading. It is designed for people who want their vehicle to look as good as the day it was created.

INTELLIGENT SURFACE

ATMOSPHERE Exterior is a high performance coating and resists against everyday environmental contaminants, including:

-  BIRD DROPPINGS
-  FRUIT BAT EXCREMENT
-  BORE WATER ETCHING
-  TREE SAP & LEAVES
-  RAIL DUST
-  INSECT SPLATTER
-  COLOUR FADING
-  PAINT SOFTENING
-  LOSS OF GLOSS
-  WATER MARKS
-  OXIDISATION
-  SUNSCREEN

ENHANCED PROTECTION

ATMOSPHERE adds an extra, tougher layer on top of the vehicle's paint work

ATMOSPHERE allows the exterior of your new vehicle to continue to shine year after year, with confidence – **protected by a national lifetime warranty***

* Warranty terms, conditions & exclusions apply.

INTERIOR

ATMOSPHERE goes beyond the surface to keep your new vehicle as fresh, easy to clean and mess resistant, for durability that lasts a lifetime.

BACTISHIELD® BREATHE EASY TECHNOLOGY

The absorbent, soft and warm vehicle cabin environment creates prime conditions for the growth of mould and mildew. Atmosphere contains Bactishield® to combat that eventual musty smell – establishing a clean and pure environment.

UV & STAIN RESISTANT TECHNOLOGY

Whether your new vehicle cabin features leather, vinyl, fabric or carpet, ATMOSPHERE's Interior Surface Coating repels spills which can cause permanent staining and adds an extra layer of protection against UV damage caused by the harsh Australian sun.

EASY-CLEAN EVERLASTING QUALITY

As the world's most advanced automotive protection for vehicle's, ATMOSPHERE's Interior Surface Coating comes with a national lifetime warranty* for complete confidence in knowing that it works.

SUPER REPELLANT TO LIQUIDS, SPILLS AND STAINS

With ATMOSPHERE interior surface coating you need not worry about making a mess.

PREMIUM SOFT-TOUCH TECHNOLOGY

ATMOSPHERE interior protection links with the interior surface textures to maximise stain resistance, durability and enhances the look of your new cabin's interior – keeping the new interior finishes soft and supple for a lifetime.

The premium stain resistant technology prevents discolouration, hardening and cracking of the treated interior surface's caused by the harmful effects of Ultraviolet light.

Got kids? ATMOSPHERE's Interior Surface Coating staves off food and drink spills. Not only that, but it also comprises of an antibacterial barrier to safeguard against moisture and mould, so you can spend less time cleaning and more time enjoying the ones you love.

INTELLIGENT SURFACE

ATMOSPHERE creates a smart surface preventing permanent staining from:

-  SUNSCREEN & UV FADING
-  LIPSTICK OR MAKE-UP
-  COFFEE, SOFT DRINK, MILK
-  COMMONLY CONSUMED FOOD AND LIQUIDS

Once the treatment is applied during the pre-delivery process to the dash panel, carpets, floor mats, leather and fabric seats, door trims, console unit, sill trims and boot carpets – these are all covered by a national lifetime warranty*.

* Warranty terms, conditions & exclusions apply.

NANO-CERAMIC TINT

View the world in high definition, with ATMOSPHERE NANO-CERAMIC TINT
delivering outstanding visual clarity day and night.

NANO-CERAMIC ENGINEERING

The exceptional optical clarity results from the engineering of nanotechnology to create a ceramic composition so small that, it is invisible to the naked eye. Using the nano-ceramic technology means maximum heat reduction.

ANTI EMI FOR SIGNAL CLARITY

Tough and durable without any disruptions. ATMOSPHERE NANO-CERAMIC film is 100% metal free, it will not cause electromagnetic interference (EMI) with electronic devices such as GPS, car radios and mobile phones.

TESTED & CERTIFIED ARPANSA

Independently tested and certified by ARPANSA (Australian Radiation Protection and Nuclear Safety Agency) and backed by our nationwide Limited Lifetime Warranty*

HEAT REJECTION,
GLARE REDUCTION AND
MAXIMUM PROTECTION
FROM HARMFUL UV RAYS.

CONTEMPORARY LOOKS WITH BENEFITS

ATMOSPHERE NANO-CERAMIC TINT will not discolour or fade over time. Instead this high performance window film will protect the vehicle's interior from cracking and fading due to heat build up in the cabin and UV rays.

39% VISIBLE LIGHT TRANSMITTANCE

100% DYE-FREE & METAL-FREE

99% UV RAY REJECTION

57% GLARE REDUCTION

54% SOLAR ENERGY REJECTION

87% INFRARED HEAT REDUCTION
